Dear Friends:

Thank you very much for your gift of \$100 to Horizons for Homeless Children! Your gift in support of Maura Buglione, who ran the Boston Marathon on our behalf, is deeply appreciated.

Your support will enable us to provide essential early education and care through our three Community Children's Centers and opportunities for developmentally necessary play through our Playspace Programs for young homeless children living in shelters in Massachusetts. Furthermore your generosity will allow us to bring our model and expertise to other service providers and educators throughout the country and engage in advocacy work at the city, state and federal level on behalf of this vulnerable population.

The needs of children and families affected by homelessness continue to increase and therefore our services are needed more than ever. It is our hope that our quality early education programs ensure the healthy growth and development of these young homeless children while our parent support services facilitate the family's goal of self sufficiency.

Thank you for this contribution; it will make a difference.

Sincerely,

Asa Fanelli
